HUGE FOSSIL.

Petrified Skeleton of a 300-Foot Monster Being Exhibited Near Chicago.

A curiosity in the way of a giant fossil, which local paleontologists pronounce genuine, is being exhibited South of Chicago by an Oklahoma Territory man.

Hammond, Ind., Chicago Heights and other small towns in the suburbs have seen this wonder. Now the Chicago Academy of Science is after it, and the wonder of it all is that the exhibit, which is on view inside the small, greasy, dirt-beamed tent, is genuine—scientists say so.

The wonder is nothing more nor less than the fossilized skeleton of the sea lizard that died in that ocean of long ago.

Charles F. Gunther, Alderman, merchant and paleontologist, is a director of the academy. He heard of the gigantic fossil and went to Hammond. He paid a "dime, ten cents," and was wonder-struck.

"It is the most wonderful and the most colossal fossil ever unearthed," says Mr. Gunther.

Its proportions are simply gigantic. There are vertebrae, a complete skull, small ribs and slippers that are mammoth in size. There is no deception of a fossil, fully petrified, the bones being calcareous.

"There are fifty or more vertebrae each as big as the joint of a stovetop. The head is 16 feet in circumference, and has a long protruding nose, five feet across, like the beak of a bird. The ribs are twenty-five feet long, half hooped in contour, and the eye sockets are four feet across. The propellers, or fins, are perfectly preserved, and three feet wide and eleven long. I should judge from the petrifications, that the lizard was 300 feet long."

Henry Patterson of Perry, O. T., is the lucky man who owns the remains of the lizard. The academy is trying to induce Mr. Patterson to sell his treasure to it. It is probable that the deal will be made, and Chicago will get the greatest wonder of prehistoric times that has been unearthed.

The fossil is that of a saurian, and, as big as the joint of a stovetop.

Mr. Gunther is certain it is the largest fossil ever found. Prof. Mack of Yale has restored skeletons of the reptiles of North America that are over one hundred feet long, but nothing so gigantic as the Cherokee Strip lizard has ever been brought to light on this continent.

Mr. John E. McLean died at German-town Saturday, aged about 75. He had been ill a long time. Deceased was one of the best known and most respected citizens of his section, and if he had a personal enemy so one knew it. Mr. M. S. McLean is the only surviving brother.

"For three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house," says A. H. Patter, with E. C. Atkins & Co., Indianapolis, Ind., "and my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely. It is all right, and anyone who tries it will find it so." For sale by J. Jas. Wood, Druggist.

The assigned real estate of Con. Guilfoyle of Maysville, appraised at \$1,380, has been sold to Rose Guilfoyle for \$2,115.

The infant daughter of Mr. and Mrs. Frank G. Brady, colored, of East Second street, died yesterday morning and will be buried tomorrow.

Governor Bradley yesterday promoted Dr. L. E. Goslee, First Assistant Physician, to Superintendent of Lakeland Asylum. Dr. H. M. Lively of Hart county was appointed to the place vacated by Dr. Goslee. The friends of Dr. W. R. Hedlin of this city, who is Second Assistant Physician, had recommended him for the place of First Assistant.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists; price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention THE PUBLIC LEDGER and send your full Postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

LET'S KNOW ABOUT COLONEL A. B. BOONE.

If any one of the worthy gentlemen (?) who are sending anonymous letters to our citizens denouncing Colonel Boone as a fraud and his Black Diamond Railways as a swindle, will have the courtesy to write a letter for publication and sign his name to it, THE LEDGER will take great pleasure in giving it publicity.

Generally speaking, the anonymous letter-writer is a cowardly assassin.

The public is at all times entitled to know the truth about any man, or any set of men, engaged in any public enterprise.

It is not only the duty, but it should be the pleasure, of any newspaper to expose fraud and to save the public from imposition.

THE LEDGER has had only a short acquaintance with Colonel Boone; but in that time he has so far discharged every obligation with scrupulous fidelity.

One thing is certain, there are very few men in Maysville who have the financial standing of some of the men who endorse both Boone and his Black Diamond System.

If Boone is a "gold brick man" or a "fool gas fake," THE LEDGER wants to expose him—and it will do it. It has a "banking" in that direction, as some of its readers know.

Now, then, Messrs. Anonymous Letter Writers, put up or shut up!

And you needn't "burn this"

LETTER FROM COLONEL BOONE.

RIPLEY, O., June 1st, 1897.

Editor Ledger: The tidal wave of prosperity swept over Ripley last night. Ripley accepts my proposition and hence will be found from now on expounding the Black Diamond cause.

Dover, Ky., will swing into line Saturday night.

The West Union elevation was on hand last night. They returned this a stronger than ever in the faith that the people massed in solid column and will build the Black Diamond System of Railways, not only in Ohio, but through the Southland.

I am proud of the progress I am making. Success must crown the effort of the allied forces that will speak in measured tones that the time has come when a railroad for the people shall be constructed by the people that will give not only fair rates but be prompt in dispatching the traffic it will have in move to the markets of the world.

I cannot let this opportunity pass to express my deep sense of gratitude for your grand work in a good cause. The people of Mason county in touch with the Black Diamond will see that you are not forgotten in the "round up." If at any time I can be of service to you, I am, yours to command, respectfully,

ALBERT BOONE

THE GREENWOOD FUND.

Made Permanent, and the City to Pay Six Per Cent. Interest.

The "Greenwood Fund" has at last been gotten into shape.

It will be remembered that many years ago an English gentleman named Greenwood died on this city, leaving \$1,704 toward founding a Public Library in Maysville, which sum has been accumulated interest now reached \$3,330.

Last night the Ways and Means Committee met and formulated a plan for its future management.

The Treasurer is to enter the \$3,000 on his books, making it a permanent obligation, and hereafter the city is to pay 6 per cent. interest—450 semi-annually—as the principal of the fund cannot be used.

The surplus of \$350 is made available at once, and is to be used in purchasing some needed cases and some additional books for the library.

The fund is to be placed in the hands of a committee of three—one to be appointed by the City Council, one by the Board of Education, and one by the Mason County Historical Society.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. Va., and one of the most widely known men in the state was cured of rheumatism after three years of suffering. He says: "I have not suffered since." In June, 1894, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured. Be careful of Ointments For Catarrh

That Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces.
